

teknion just-us

teknion

Designed by Justus Kolberg, Just-Us™ is a multi-purpose chair with a polished professional look suited to contemporary work settings. Fresh in concept and light in scale, Just-Us fits the requirements of meeting rooms, touchdown workstations and enclaves. The chair's quiet presence and ease of use is ideal for the home office.

04

Minimal, intuitive controls enable every person to meet in comfort or quickly begin work on a laptop. The durable, ribbon-like frame loops to form a clean profile and fixed-loop arms that conform to a minimalist aesthetic.

Light-spirited in form and aesthetics, Just-Us is ideal for casual work, touchdown spaces and use as a conference chair, where fixed loop arms provide a tailored and uniform look.

finishes

The Just-Us palette is designed to work on its own, and to complement Teknion’s task chair portfolio. The frame is available in a Gris or Ebony finish. Two mesh styles include the Around mesh, available in five

colors to match Teknion’s Around chair or coordinate with Sabrina and Nuova Contessa colors. Just-Us mesh is offered in seven colors that contrast or coordinate with the frame.

features

- A single lever allows users to easily adjust seat height, swivel, tilt and lock
- 4-inch height-adjustment range allows users to position the seat to support proper posture and enhance circulation
- The back tilt locks in upright position or allows for fluid movement, promoting frequent shifts of position
- Option of hard casters, soft casters, or glides are suitable for all floor materials
- Generous 300lb (136kg) weight capacity for commercial applications
